My sales this season have been very satisfactory and I intend, if possible, to have Decring binders and mowers here until the seafrequently heard in connection with the are the following double column son is entirely over. It will pay anyone to visit my ware room and see for themselves the magnitude of the Deering trade.

P. S -I trust some of my competitors have succeeded this year in introducing their machines. In 1885, when took the agency for the Deering goods in Marry County, my competitors who had held the trade here for a num. ber of years, were the McCormick, the Champion, the Buckeye and the Walter A. Wood. These machines have everyone been on the market and represented here in Columbia every year since. Nevertheless, some of them got left so far, that this season their agents say we will sell you a binder for \$----, which is a little law, but it is to "introduce" them we do it. When will wonders cease and machines be introduced?
